

**Western University
Department of Visual Arts
SA2652B - Introduction to Digital Photography**

Course Description

This is an introductory course examining a variety of technical and artistic approaches to digital photography in the context of contemporary artistic practice. This course will offer students a technical foundation for using DSLR cameras as well as for using Adobe Photoshop. Students will learn about output preparation, print production and archival maintenance. A combination of demonstrations, in-class exercises, thematic lectures and slideshows will introduce students to the relationship between technical skill and critical thinking in contemporary photography. This class will be an opportunity for students to experiment and discover ways to express themselves in digital photography. It will also be a class concerned with various theoretical discourses which inform artistic practices in digital photography. Students will be making thoughtful work which responds to these considerations in 4 major projects over the term.

Note: Through this course, students will be exposed to a very broad range of photographic art. Some of the most canonical or universally esteemed works depict what is commonly called 'mature subject matter.' Be forewarned that a small percentage of the visual material students will be expected to view is of an explicit nature, containing for example, scenes or depictions of sexual and/or violent acts. Students must accept that by taking this course they have consented to viewing such material. If this poses a problem for a student, for whatever reason, it must be BROUGHT TO THE IMMEDIATE ATTENTION OF THE INSTRUCTOR (DURING THE FIRST CLASS).

Learning Outcomes

Depth and Breadth of Knowledge

Students will acquire the range of skills required to engage in the material practice being studied, and will have a thorough understanding of the genesis of those skills historically

Knowledge of Methodologies

Students will gain an understanding of the critical potential of the medium, be able to identify various ways works in that medium operate critically, and will apply their understanding, in creative ways, to the realization of their projects

Application of Knowledge

Students will use their capacities with the medium as a critical, discursive and expressive tool to develop creative works; understand the potential viability of their works, and will utilize their reflections on their works to explore and develop further projects

Course Requirements:

Attendance

Attendance, punctuality and preparedness for class are critical, as the teaching methods used will include class critiques, lectures and studio work. Under University regulations, if a student misses 15% of their classes, without written corroboration for health or bereavement, they can be debarred from participation in final evaluations and/or critiques.

Studio Work

Class time will be devoted to lectures, tutorials, demonstrations, presentations, critiques and studio work time, allotted to the students of this class to occupy the Lab exclusively for their own purposes to complete assignments. The student is expected to spend an amount of time equivalent to the courses' assigned 3 hour weight working towards meeting course requirements outside of class time. Students are required to observe all specified mandatory safety protocols governing lab and studio use.

Assignments/Late Assignments

Students are expected to complete all assignments on time. Failure to complete assignments without prior arrangements with the instructor will result in a failing grade. With prior discussion, students may hand in late work with a 10% deduction from the assignment. Extensions will be given upon official notification from the student's faculty advisor due to documented serious health and bereavement reasons.

POLICIES

Prerequisite Checking:

You are responsible for ensuring that you have successfully completed all course prerequisites and that you have not taken an antirequisite course. Lack of prerequisites may not be used as basis of appeal. If you are not eligible for a course, you may be removed from it at any time, and you will receive no adjustment to your fees. These decisions cannot be appealed.

Plagiarism:

Plagiarism, which may be defined as “The act or an instance of copying or stealing another’s words or ideas and attributing them as one’s own,” will not be tolerated. (Citation excerpted from Black’s Law Dictionary, 1999, 7th ed., p. 1170). This includes presenting the visual or aural work of another creator as your own. Visual or Aural Plagiarism may involve both hand-based media such as drawing, painting, printmaking and sculpture, as well as digital media such as photography, video and sound. It includes work subsequently manipulated or transferred between different media, as well as self-plagiarism – work submitted for assignments previously produced and graded for another course. Similar to textual plagiarism, all student work involving the visual or aural work of others must be appropriately cited/identified whether in print or orally. Failure to do so will lead to similar academic penalties as those identified in Western’s Academic Calendar.

AI Policy:

Plagiarism includes, but is not limited to, the unauthorized use of AI tools such as ChatGPT to create content that is submitted as one’s own. In this course, students are permitted to use AI tools exclusively for information gathering and preliminary research purposes. Students must however critically evaluate the obtained information, exercise independent thinking, and engage in original research to synthesize and develop their own ideas, arguments, and perspectives. The use of AI tools can serve as a starting point for exploration, however students are expected to uphold academic integrity by appropriately attributing all sources and avoiding plagiarism. Assignments should reflect the students own thoughts and independent written work.

Student Conduct:

All students will conduct themselves in a manner that will be consistent with the maturity and academic integrity expected of university students. Student conduct shall be consistent with the general laws of the community and with University regulations. Students shall show regard and respect for the rights, safety, and property of all members of the University community and are expected to act in a responsible manner within the University and the community at large.

https://www.uwo.ca/univsec/pdf/academic_policies/appeals/code_of_conduct.pdf

Academic Sanctions:

In instances of non-payment of prescribed tuition and other fees, the University shall seal the academic record. When an academic record is sealed, the student will not be able to: a) view grades; b) register in future courses; c) receive transcripts or a degree diploma; d) obtain admission or readmission.

The above prohibitions shall be in force until such time as indebtedness to the University, including payment of fee for removal of the seal, has been cleared to the satisfaction of the University.

Additional Course Material Request Policy

For online courses the material may be presented in a variety of ways at the instructor's discretion. Requests for additional material can only be made in cases necessitating academic accommodation. If a student requires Academic Accommodation for the course material, they can contact Western's Academic Support & Engagement department. <http://academicsupport.uwo.ca/>

Academic Consideration:

The University recognizes that a student's ability to meet their academic responsibilities may, on occasion, be impaired by medical illness. Illness may be acute (short term), or it may be chronic (long term), or chronic with acute episodes. Academic Consideration provides students with consistent, fair, and pedagogically appropriate consideration, without compromising the academic integrity of the course or program, when they have been unable to complete

some component of a course due to short-term extenuating circumstances. Students who have long-term or chronic medical conditions (physical or mental) that may impede their ability to complete academic responsibilities are

directed to seek Academic Accommodation through Accessible Education ([Academic Accommodation for Students with Disabilities](#)).

The University further recognizes that medical situations are deeply personal and respects the need for privacy and confidentiality in these matters. However, in order to ensure fairness and consistency for all students, academic consideration for work representing 10% or more of the student's overall grade in the course shall be granted only in those cases where there is documentation indicating that the student was seriously affected by illness and could not reasonably be expected to meet their academic responsibilities.

Documentation shall be submitted, as soon as possible and no later than 48 hours after the end of the period of absence covered, to the Academic Counselling unit or Dean's Office of the student's Home Faculty together with a request for relief specifying the nature of the academic consideration being requested. These documents will be retained in the student's file, and will be held in confidence in accordance with the University's [Official Student Record Information Privacy Policy](#). Once the petition and supporting documents have been received and assessed, appropriate academic consideration shall be determined by the Dean's Office in consultation with the student's instructor(s). Academic consideration may include extension of deadlines, waiver of attendance requirements for classes/labs/tutorials, arranging Special Exams or Incompletes, re-weighting course requirements, or granting late withdrawals without academic penalty.

Academic consideration shall be granted only where the documentation indicates that the onset, duration and severity of the illness are such that the student could not reasonably be expected to complete their academic responsibilities. (Note – it will not be sufficient to provide documentation indicating simply that the student “was seen for a medical reason” or “was ill.”)

Whenever possible, students who require academic consideration should provide notification and documentation in advance of due dates, examinations, etc. Students must follow up with their professors and their Academic Counselling office in a timely manner.

Documentation from Family Physicians/Nurse Practitioners and Walk-In Clinics

A Western Student Medical Certificate (SMC) is required where a student is seeking academic consideration. This documentation should be obtained at the time of the initial consultation with the physician/nurse practitioner or walk-in clinic. An SMC can be downloaded at http://www.uwo.ca/univsec/pdf/academic_policies/appeals/medicalform.pdf.

Documentation from Student Health Services

At the time of illness, students should make an appointment with a physician/nurse practitioner at Student Health Services. During this appointment, request a Student Medical Certificate from the Physician/Nurse Practitioner.

Documentation from Hospital Urgent Care Centres or Emergency Departments

Students should request that an SMC be filled out. Students may bring this form with them, or request alternative Emergency Department documentation. Documentation should be secured at the time of the initial visit to the Emergency Department. Where it is not possible for a student to have an SMC completed by the attending physician, the student must request documentation sufficient to demonstrate that their ability to meet their academic responsibilities was seriously affected.

Attendance:

Under university regulations, if someone misses more than 15% of their classes (15% is equivalent to missing 8 hours of Lecture and/or Studio Lab, due to absence or lateness, or a combination of both, per semester) without written corroboration for health or bereavement, students can be debarred from participation in final evaluations and/or assignments.

Note that if a student is consistently absent from a 3-hour class for 1 hour, they will exceed the 15% cutoff and be debarred; assignments may stop being accepted and such assignments will receive a mark of 0 (zero)

Religious Accommodation

Students should consult the University's list of recognized religious holidays, and should give reasonable notice in writing, prior to the holiday, to the Instructor and an Academic Counsellor if their course requirements will be affected by a religious observance. Additional information is given in the [Western Multicultural Calendar](#).

Electronic Devices:

During Exams: Unless you have medical accommodations that require you to do so, or explicit permission from the instructor of the course, you may not use any electronic devices during any tests, quizzes, midterms, examinations, or other in-class evaluations.

During Lectures and Tutorials: Although you are welcome to use a computer during lecture and tutorial periods, you are expected to use the computer for scholastic purposes only, and refrain from engaging in any activities that may distract other students from learning. From time to time, your professor may ask the class to turn off all computers, to facilitate learning or discussion of the material presented in class. **Unless explicitly noted otherwise, you may not make audio or video recordings of lectures – nor may you edit, re-use, distribute, or re-broadcast any of the material posted to the course website.**
